**MOAB CITY PLANNING COMMISSION MINUTES—DRAFT**  
**REGULAR MEETING**  
**December 11, 2025**

**Call to Order and Attendance:** Moab City Planning Commission held its regular meeting on the above date in City Council chambers. Audio is archived at [www.utah.gov/pmn](http://www.utah.gov/pmn) and video is archived at [www.youtube.com/watch?v=cG7RdvLrmOE](https://www.youtube.com/watch?v=cG7RdvLrmOE). Commission Chair Kya Marienfeld called the meeting to order at 6:07 p.m. Commission Members Jill Tatton, Carolyn Conant and Shalee Bryant attended. Commission Member Miles Loftin attended via electronic means. Community Development Director Cory Shurtleff, Planning Technician Kelsi Garcia, Associate Planner Johanna Blanco, Strategic Initiatives and Sustainability Director Alexi Lamm and one member of the public also attended.

**Citizens to be Heard:** None.

**Approval of Minutes:** Commission Member Conant made a correction to the draft December 1 Special Meeting minutes regarding to the action item considering the water shortage action plan. She pointed out the seconding of the motion and the voting results were missing. She also brought up notes regarding the land use code update discussion item, asking if the verbiage accurately reflected Community Development Director Shurtleff's characterization of progress made by consultants on the first draft. Commission Chair Marienfeld agreed that the draft wording did not accurately reflect the discussion. Commission Member Conant moved to approve the draft minutes of the December 1, 2025, Special Planning Commission meeting with amendments. Commission Member Bryant seconded the motion. The motion passed unanimously.

**Development Agreement for 57 West Kane Creek Boulevard—Public Hearing**

**Presentation:** Associate Planner Blanco introduced the project for an 88-unit apartment development on Kane Creek Boulevard. The applicant, Amanda Dillon, was in attendance. Blanco stated the applicant was currently working with the City's development review team, and the draft agreement was started in August 2025. She pointed out that the project had secured Low Income Housing Tax Credits (LIHTC) for phases 1 and 2 of the project. Blanco presented the City's concessions in the development agreement, including reduction of 5 feet from the 15-foot front setback as established in the R-3 zone; reducing the parking requirement from one parking space for one-bedroom units and 1.5 spaces for all larger units to one parking space for any size unit in phase 3; waiver of the Active Employment Household (AEH) requirement for the R-3 zone in exchange for the LIHTC affordability requirements; and a custom process for plan and plat approvals that more closely match the process for a Master Planned Development. In exchange for the concessions, the development would offer phases one and two as very low-income apartments and in phase 3 up to 12 market rate condominiums. The project proposes 50 units in phase 1 and 8 units of new construction and 30 units of rehabilitated affordable housing in phase 2. Blanco then proposed a process for approvals and development agreements, and she shared the conceptual plan for new buildings and rehabilitation of the existing large apartment complex in a phased approach. She explained the low-income affordability requirements would be in effect for 50 years. Sustainability measures were presented by Blanco, including Enterprise Green Communities 2020 Requirements and Energy Star Multifamily requirements. Blanco concluded with an analysis of the project.

**Disclosures:** Commission Member Loftin recused himself from the discussion and vote due to a conflict of interest regarding his company potentially doing business with the developer. Commission Chair Marienfeld announced that she and Commission Member Bryant acknowledged an unrelated relationship without a conflict of interest with the Moab Area Community Land Trust, which they are affiliated with, and the developer, GIV group. Marienfeld clarified that she and Bryant have no financial stake in any of the proceedings.

**Applicant Comment:** Applicant Amanda Dillon thanked staff for all their work on the project. She explained the mission of the developers. She described outreach to existing occupants with a mostly positive reception and shared positive feedback about removing the water-intensive lawn with development of new buildings. She said there would be a new playground and a leasing office on site. She said a large solar array would help the development meet its net zero energy goals and pointed out other amenities including electric vehicle charging stations. She described community partners including Seekhaven, the multicultural center and the housing authority. Marienfeld said she had a positive impression of neighborhood reception of the project.

**Public Hearing:** Commission Chair Marienfeld opened a public hearing at 6:32 p.m. to consider a Development Agreement for 57 West Kane Creek Boulevard. Commission Member Bryant expressed enthusiasm for the affordable housing project. She asked about the parking reduction request and noted a single car occupancy is unlikely. Dillon explained a tentative plan to engage a lottery system for parking spaces. She said the very lowest income units were intended to accommodate formerly unhoused persons. Discussion ensued regarding unhoused Moab residents who own automobiles. Dillon also explained the existing layout of buildings on the property was inefficient regarding parking. Blanco clarified it is only the phase 3 condominiums that are requesting a single space per unit. Visitor parking was brought up. Marienfeld said she had gathered feedback from neighbors about the desire for light and vegetation buffering. Commission Member Conant asked about relocating residents during construction. Dillon stated there four families that will be displaced during construction. She said there are two vacant units that would be rehabilitated first with an option for temporary housing, and another option is short term rental housing. Blanco and Shurtleff described the plan and plat approval process. Commission Chair Marienfeld asked for explanation of the distinctions between requirements for AEH projects and LIHTC projects and requested a copy of the presentation of the project. There were no comments and Marienfeld closed the public hearing at 6:53 p.m.

#### ***Development Agreement for 57 West Kane Creek Boulevard—Positive Recommendation***

**Discussion:** Commission Member Loftin appreciated the explanation of the AEH-LIHTC differences.

**Motion and Vote:** Commission Member Tatton moved to forward a positive recommendation to the Moab City Council for approval of the development agreement for 57 West Kane Creek Boulevard Parcel 01-0001-0200 between Amasa Holdings LLC and the City of Moab, Utah, without modifications. Commission Member Conant seconded the motion. The motion passed 4-0 with Commission Member Loftin abstaining.

#### ***Wildland-Urban Interface (WUI)—Discussion***

Strategic Initiatives and Sustainability Director Lamm presented requirements of H.B. 48, the Utah Wildland-Urban Interface (WUI) as a tool to mitigate wildfire risks. She explained various impacts of H.B. 48, including responsibilities for the Utah Division of Natural Resources, individual counties, municipalities and residents. She noted fees and costs and highlighted the City's role. She spoke about regulations for new construction and defensible space for existing structures, as well as hazard and vulnerability related to properties. She said the language of the proposed City regulation is prescribed by the state, and she covered the new rules. Discussion ensued regarding the interface between the City's landscaping ordinance and the new WUI regulations. Lamm spoke about the levels of risk as prescribed by the state, and the City's responsibility to designate properties as risky. She introduced the state-generated map that had ratings that are inconsistent with local conditions, such as waterways and low-vegetation foothills. She also showed the map locally prepared that showed preliminary WUI areas in waterways. She said the City would identify properties that may be considered as part of the WUI area. Shurtleff and Lamm said the staff recommendation is to adopt a WUI map with no properties identified for the state code, while simultaneously developing a municipal code that provides different levels of preparedness for properties that are in the City. Marienfeld stated that a robust public information campaign would be imperative due to the impact of the map on property assessments. Shurtleff stated that adopting the new local map would be an onerous process. He compared it to the flood plain process underway. Commission Member Loftin expressed his interest in clarifying local risk areas that conflict with the state-produced map. Shurtleff explained how future developments in the City would be subject to compliance standards as a part of the subdivision or development process. Commission Member Conant asked about the 10-year fire history, and the effectiveness of defensible or buffered space as a fire deterrent was briefly discussed. Marienfeld reiterated her interest in adopting the staff recommendation. The timeline for the process was discussed. Setbacks, construction standards, property rights and WUI ratings were discussed. Conant encouraged staff to continue to work to bring action opportunities to the Commission. Shurtleff mentioned work being done on the fire fuels reduction system and property owner resistance to removal of vegetation. Commission Member Loftin said fire concern in the riparian area was a major apprehension of constituents and was interested to hear that there may be an education lapse with residents who will not participate in the local fire fuels mitigation project. He stated his support for documentation that will demonstrate fire risk on properties, with the ability to tie it to future development regulations. Lamm highlighted next steps for the process.

### ***Land Use Code Update—Discussion***

Community Development Director Shurtleff introduced a discussion about land use and standards, including distribution into zoning districts. He described current conditions of various zones and intended uses. He said he wanted the Commission to look deeper into established uses, as well as areas where the definitions are very specific, very vague or obsolete. Shurtleff displayed a spreadsheet that included examples of permitted zoning uses, new uses and problematic definitions. He said the framework developed by the consultants created a backbone for land use standards. He mentioned distinct types of uses including industrial and residential. He stated his interest in developing a code that is based on images and matrices, as opposed to a narrative code style. Shurtleff explained that another topic for discussion involves definitions for various business types. He cited overnight accommodations and outfitters as examples of definitions that require a more nuanced approach and cited a small bicycle rental and repair shop as a low-impact business when compared to a large river outfitter. Commission Member Bryant suggested a section of the code that could be used for as-yet-undefined uses. Commission Chair Marienfeld suggested an exercise to review all existing business licenses to ensure that existing businesses fit into an established category. Commission Member Conant brought up working with other gateway and resort communities to find useful definitions. Distinct levels of outfitters were discussed. Camp parks were discussed, along with multi-faceted business enterprises. Upcoming steps were mentioned.

### ***2026 Planning Commission Meeting Schedule—Approved***

Community Development Director Shurtleff recommended moving the proposed regular meeting from January 22 to January 29. Discussion regarding cancelling the January 8 meeting ensued. Commission Member Tatton brought up a conflict on May 28 and the proposed March meeting dates. Commission Chair Marienfeld moved to approve the 2026 Planning Commission Meeting Schedule, amending the schedule to include a regular meeting on January 29 and to cancel the regular meeting proposed for January 22. Commission Member Bryant seconded the motion. The motion passed unanimously.

***Future Agenda Items:*** Associate Planner Blanco announced an annexation proposal, an update for the WUI, a possible planning commission appointment, and code updates for consideration.

***Adjournment:*** Commission Member Loftin was congratulated on his election to City Council and was thanked for his service on Planning Commission. Commission Chair Marienfeld adjourned the meeting at 8:21 p.m.

  - FINISH GRADE TO SLOPE AWAY FROM STRUCTURE FOR A MINIMUM DISTANCE OF 10'-0" AND AT A MINIMUM SLOPE OF 1'-10 AND A MAXIMUM SLOPE OF 1:2 UNLESS NOTED OTHER WISE. - GEOTECHNICAL REPORT TO SUPERCEDE ANY FURTHER CONFLICTS.
  - THERE SHALL BE AN EVEN SLOPE BETWEEN NEW GRADES. UNLESS NOTED OTHERWISE , MEET EXISTING GRADES AT A MAXIMUM SLOPE OF 1'-0" VERTICAL TO 2'-0" HORIZONTAL AND A RECOMMENDED SLOPE OF 1'-0" VERTICAL TO 10'-0" HORIZONTAL. ALL FINISHED EARTH GRADES TO BE 1" BELOW ADJACENT WALKS AND DRIVES UNLESS OTHERWISE NOTED. DITCHES TO HAVE SMOOTH CONTOURS TO FACILITATE USE OF LAWN MOWERS WHERE APPLICABLE.
  - THE UNDER FLOOR GRADE SHALL BE CLEARED OF ALL VEGETATION AND ORGANIC MATERIAL. ALL WOOD FORMS USED FOR PLACING CONCRETE SHALL BE REMOVED, AND ALL CRAWL SPACES SHALL BE CLEANED OF ALL CONSTRUCTION DEBRIS BEFORE STRUCTURE IS OCCUPIED.
- FIRE SUPPRESSION**
- WHEN FIRE SUPPRESSION SYSTEM IS REQUIRED, SPRINKLER SYSTEM DESIGN AND LAYOUT SHALL BE SUBMITTED TO ARCHITECT FOR REVIEW PRIOR TO COMMENCING INSTALLATION.
  - FIRE SUPPRESSION ENGINEER OF RECORD SHALL BE CONTACTED BY GENERAL CONTRACTOR TO PERFORM ON-SITE OBSERVATION VERIFYING THE INSTALLATION IS IN ACCORDANCE WITH PLANS PROVIDED
- STAGING NOTES**
- THE CONTRACTOR IS RESPONSIBLE FOR OBTAINING FINAL APPROVAL FROM ANY APPLICABLE ARCHITECTURAL REVIEW COMMITTEE FOR ALL CONSTRUCTION STAGING IN THE FIELD PRIOR TO CONSTRUCTION.
  - THE CONTRACTOR IS RESPONSIBLE FOR KEEPING ALL CLEARING AND EXCAVATION WITHIN EXISTING PROPERTY LINE BOUNDARIES AND GENERAL EASEMENTS.
  - THE CONTRACTOR IS RESPONSIBLE FOR COORDINATING ANY REVISIONS OR ALTERATIONS TO THE CONSTRUCTION STAGING PLAN PRIOR TO CONSTRUCTION.
  - THE CONTRACTOR IS TO INSTALL STRAW BALES IN ADDITION TO SILT FENCE AT LOCATIONS OF POTENTIAL RUN-OFF INTO WETLAND AREAS AS INDICATED ON SITE PLAN.
  - ANY DAMAGE TO THE EXISTING ROADWAY, INCLUDING THE ASPHALT SURFACE, SHOULDER GRAVEL, ROADSIDE DITCH, EXISTING CULVERTS, AND EXISTING VEGETATION AND EROSION CONTROL MEASURES SHALL BE REPAIRED BY THE GENERAL CONTRACTOR TO THE SATISFACTION OF THE DEVELOPER OR OVERSEEING JURISDICTION.
  - GRAVEL CONSTRUCTION ENTRANCE IS TO BE CONSTRUCTED WITH A MIN. OF 2" OF 3/4"SCREENED ROCK TO COVER ALL DRIVEWAYS PARKING, AND LAY DOWN AREAS TO BE PLACED AT START OF CONSTRUCTION, AND A RECOMMENDATION OF A MIN. OF (8") MINUS 3" PIT RUN OVER A GEOTECHNICAL SEPARATION FABRIC.
  - ANY USE OF ANY FIRE HYDRANT IS PROHIBITED FOR USE BY ANY OTHER THAN THE GOVERNING FIRE DEPARTMENT.
  - ALL WASTE SHALL BE CONTAINED ON SITE AND PROPERLY DISPOSED OF AT PROJECT COMPLETION. FURTHER, CONCRETE WASHOUT WITHIN ROADSIDE DITCHES IS STRICTLY PROHIBITED.

MOISTURE CONTROL

- SLOPE PATIO SLABS, WALKS AND DRIVEWAYS A MINIMUM OF 1/8" PER FT AWAY FROM U.N.N., TAMP BACK FILL IN 6" LAYERS TO PREVENT SETTLLING, AND SLOPE THE FINAL GRADE AWAY FROM THE FOUNDATION AT A RATE AS PERSORIBED BY THE GEOTECHNICAL ENGINEER.
- INSTALL PROTECTED DRAIN TILE AT FOOTINGS PER SITE SPECIFIC GEOTECHNICAL REPORT. DISCHARGE TO OUTSIDE GRADE (DAYLIGHT) OR TO A SUMP PUMP. NO SURFACE OR ROOF DRAINAGE SHALL BE ROUTED TO ANY PART OF THE FOOTING DRAIN TILE SYSTEM.
- DRAINS OR SUMP PUMPS IN BASEMENT AND CRAWL SPACE FLOORS TO DISCHARGE A MIN. OF 10 FT. OUTSIDE THE FOUNDATION OR INTO AN APPROVED SEWER SYSTEM. PROVIDE SEALED (GASKET) SUMP PUMP COVER IN AREAS WHERE RADON IS OF CONCERN.
- PROVIDE CAPILLARY BREAKS BENEATH CONCRETE SLABS, INCLUDING BASEMENT FLOORS.
- DAMP-PROOF OR WATER-PROOF ALL EXTERIOR SURFACES OF BELOW-GRADE FOUNDATION WALLS.
- DIRECT ROOF WATER AWAY FROM THE STRUCTURE USING GUTTERS AND DOWNSPOUTS THAT EMPTY INTO LATERAL PIPING THAT DEPOSITS WATER ON A SLOPING FINISHED GRADE A MINIMUM OF 10 FT. FROM THE FOUNDATION. ROOFS DESIGNED WITHOUT GUTTERS ARE ACCEPTABLE IF THEY ARE DESIGNED TO DEPOSIT RAINWATER TO A GRADE-LEVEL ROCK BED WITH WATERPROOF LINER DRAIN PIPE THAT DEPOSITS WATER ON A SLOPING FINISHED GRADE, AS SPECIFIED ABOVE. WHEN LOT SPACE LIMITS OR PREVENTS REQUIRED GRADING, DIRECT ROOF WATER TO AN UNDERGROUND CATCHMENT SYSTEM (NOT CONNECTED TO THE FOUNDATION DRAIN TILE SYSTEM) THAT DEPOSITS WATER A MINIMUM OF 10 FT. FROM THE FOUNDATION. RAINWATER HARVESTING SYSTEMS MAY BE USED TO MEET THIS REQUIREMENT WHEN THEY ARE DESIGNED TO PROPERLY DRAIN OVERFLOW, MEETING DISCHARGE DISTANCE REQUIREMENTS ABOVE.
- INSTALL MOISTURE-RESISTANT MATERIAL AND MOISTURE-PROTECTIVE SYSTEMS IN VULNERABLE AREAS TO PREVENT THE GROWTH OF MOLD. INSTALL WATER-RESISTANT HARD-SURFACE FLOORING IN KITCHENS, BATHROOMS, ENTRYWAYS, LAUNDRY AREA & UTILITY ROOMS. DO NOT INSTALL WALL-TO-WALL CARPET ADJACENT TO TOILETS AND BATHING FIXTURES.
- INSTALL MOISTURE-RESISTANT BACKING MATERIAL (I.E., CEMENT BOARD OR THE EQUIVALENT, BUT NOT PAPER-FACED WALL BOARD) BEHIND TUB AND SHOWER ENCLOSURES.
- INSTALL ALL CONDENSATE DISCHARGE ACCORDING TO IRC SECTION M1411.3.
- INSULATE PIPING INSTALLED IN EXTERIOR WALLS.
- DO NOT INSTALL CONTINUOUS VAPOR BARRIERS ON THE INTERIOR SIDE OF EXTERIOR WALLS THAT HAVE HIGH CONDENSATION POTENTIAL (E.G., BELOW-GRADE EXTERIOR WALLS IN MOST CLIMATES AND ABOVE GRADE EXTERIOR WALL IN WARM-HUMID CLIMATES). EXAMPLE: AN INTERIOR STUD WALL ERECTED NEXT TO A BELOW-GRADE BASEMENT WALL AND INSULATED WITH MINERAL WOOL FIBERGLASS OR CELLULOSE INSULATION SHOULD NOT HAVE FOIL-FACED PAPER, POLYETHYLENE FILM OR VINYL WALLPAPER ON ITS INTERIOR SURFACE. WATER VAPOR PASSING FROM THE DAMP EARTH THROUGH THE BELOW-GRADE CONCRETE OR CMU WALL WILL PASS EASILY THROUGH THE INSULATION MATERIALS, BUT ACCUMULATE ON MICROCLIMATE. USING MATERIALS OF 2 PERMS OR MORE ON THE INTERIOR OF THE WALLS ALLOWS IT TO DRY INTO THE BASEMENT.
- DO NOT INSTALL BUILDING MATERIALS THAT HAVE VISIBLE SIGNS OF WATER DAMAGE OR MOLD. IN ADDITION, INTERIOR WALLS SHALL NOT BE ENCLOSED (E.G., WITH DRYWALL) IF EITHER THE FRAMING MEMBERS OR INSULATION HAS A HIGH MOISTURE CONTENT. FOR FRAMING, APPLY INSULATION FIRST, FOLLOW THE MANUFACTURER'S DRYING RECOMMENDATIONS. LUMBER SHOULD NOT EXCEED 18% MOISTURE CONTENT.
- GARAGE FLOOR DRAINS ARE TO MEET DISCHARGE DISTANCE REQUIREMENTS ABOVE AND TO DRAIN IN TO LANDSCAPED/LINED HOLDING PONDS TO ALLOW WASTE WATER TO NATURALLY EVAPORATE. SEE SWPPP % EPA REQUIREMENTS.

AIR CONTROL

- PROVIDE A CONTINUOUS AIR BARRIER BEHIND TUB AND SHOWER LOCATIONS AT ALL EXTERIOR WALLS. INSULATION TO BE INSTALLED BEHIND TUB OR SHOWER ENCLOSURE IS INSTALLED.
- SEAMS BETWEEN SUBFLOOR AND BOTTOM PLATE TO BE SEALED WITH CAULK.
- SEAMS BETWEEN TOP PLATE, FLOOR JOISTS, AND ROOF JOISTS TO BE SEALED WITH CAULK.
- SEAMS BETWEEN KING AND TRIMMER STUDS AT WINDOWS AND DOORS TO BE SEALED WITH CAULK.
- SEAL HOLES IN ELECTRICAL BOXES LOCATED ON EXTERIOR WALLS WITH EITHER LOW EXPANSION FOAM OR USE AN AIR TIGHT BOX.
- SILL SEAL PROVIDED BETWEEN TREATED WOOD SILL PLATES AND CONCRETE STEMS OR SLABS.

DRT COMMENT RESPONSE REPORT TO #24-0029\_SHUMWAY 1082 HWY 191 SITE PLAN ROUND 2  
RECEIVED FROM JOHANNA BLANCO, 10/08/2025

**A. ENBRIDGE GAS UTAH**  
i. A gas main and service is located in the rear of the lot. We will need to ensure that it is covered by a PUE and have the Enbridge Gas Signature Block on the final plat. If there are any questions please contact Callie Whitney at 435-210-0935.  
RESPONSE: TO BE COMPLETED BY OWNER, TYE SHUMWAY

**B. GWSSA**  
i. Impact fees still need to be paid to GWSSA before we would be able to sign any building permits  
RESPONSE: TO BE COMPLETED BY OWNER, TYE SHUMWAY, CLOSER TO SUBMISSION OF BUILDING PERMIT. NOT REQUIRED AT THIS TIME.

**F. UDOT**  
i. Please provide the calculations for the retention and sizing of the office.  
RESPONSE: REFER TO RESUBMITTED DOCUMENTS FROM CIVIL ENGINEERS.

**H. HEALTH**  
i. They will need to ultimately apply for a food service permit for teh cafe and submit a complete set of plans that meet the FDA food code requirements.  
RESPONSE: NOTED, DEFERRED SUBMITTAL.

**I. SUSTAINABILITY**  
i. Please mitigate light directed off the property on the southwest side with a shield or through other measures 17.09.063(B)  
RESPONSE: EXISTING MEASURES:  
• PLEASE REFER TO PHOTOMETRIC PLAN PROVIDED WITH SITE PLAN APPLICATION, SHEET 'ES1-2: IES LIGHTING SITE PLAN'. THE PHOTOMETRIC STUDY ALREADY INDICIATES THAT NO LIGHT IS DIRECTED OFF THE PROPERTY, WITH LIGHT RATINGS OF '0.0' AT THE SOUTHWEST PROPERTY LINE  
• PLEASE REFER TO LIGHT SPECS PROVIDED ON SHEET 'ES3-1'. ALL EXTERIOR FIXTURES ARE DARK SKY COMPLIANT, LOW LUMEN, AND ONLY ILLUMINATE DOWNWARDS. THEY MEET STANDARD DARK SKY & MOAB CITY REQUIREMENTS.  
NEW ADDITIONS TO MITIGATE LIGHT:  
• AN 8FT HIGH OPAQUE FENCE IS NOW PROVIDED AT THE SOUTHWEST PROPERTY LINE TO PROVIDE SCREENING, WHICH WILL FURTHER SHIELD ANY LIGHT SPILL. (REF SHEET 'A001')  
• THE REAR ACCESS TO THE BUILDING CURRENTLY HAS 1X CEILING MOUNTED, DOWNWARDS FACING, EXTERIOR LIGHT. THIS WILL NOW BE FITTED WITH A TIMER AND MOTION SENSOR. TO AUTO-OFF, MINIMIZING LIGHT SPILL AT NIGHT. MOTION SENSOR SHALL NOT BE TRIGGERED BY MOVEMENT LOCATED OFF THE PROPERTY. (REF SHEETS 'A003, A002')  
• THE BUILDING HAS MINIMAL WINDOWS ON THE SOUTH-WEST SIDE. HOWEVER, THE SOUTHWESTERN CORNER WINDOWS NOW MUST BE INSTALLED WITH INTERIOR BLINDS - THESE WILL MITIGATE LIGHT SPILL AND AID IN INTERIOR CLIMATE CONTROL. (REF SHEETS 'A003, A002')  
• INTERIOR STAIRWELL LIGHTS TO HAVE A TIMER SETTING WITH AN OCCUPANT SENSOR, BEFORE OR AFTER CERTAIN HOURS (I.E. EARLY MORNING, LATE EVENING). LIGHTS TO AUTO-OFF IN STAIRWELL UNLESS AN OCCUPANT IS PRESENT. THIS WILL STILL PROVIDE THE BUILDING EGRESS WITH ILLUMINATION AS NEEDED, BUT AVOID UNNECESSARY ILLUMINATION AT EARLY AND LATE HOURS OUTSIDE THE TYPICAL USE / OCCUPANCY HOURS. (REF SHEETS 'A003, A002')

ii. Three street trees are required. Two are provided. Options include planning a third, paying a fee in lieu, or applying for an exception. 17.10.040(A)(1)(b)  
RESPONSE: TREE ADDED, NOW 3X PROVIDED. REFER TO RESUBMITTED DOCUMENTS FROM LANDSCAPE ARCHITECT.

iii. Confirm mulch is >2" 17.10.040(A)(5)  
RESPONSE: CONFIRMED MULCH THICKNESS >2". REFER TO RESUBMITTED DOCUMENTS FROM LANDSCAPE ARCHITECT.

iv. Confirm smart irrigation and manual shut-off 17.10.040(B)  
RESPONSE: MANUAL SHUT-OFF & SMART IRRIGATION CONFIRMED. REFER TO RESUBMITTED DOCUMENTS FROM LANDSCAPE ARCHITECT.

**O. ENGINEERING**  
i. Traffic study refers to an incorrect address of US-91 as opposed to US-191. Please correct this in your documentation.  
RESPONSE: REFER TO RESUBMITTED TRAFFIC STUDY DOCUMENTS FROM JONES & DEMILLE.

ii. The criteria manual allows a drainage release rate of 0.2 cfs/acre. The drainage report shows a maximum drainage release rate of 0.15 cfs. Based on the 0.52 acre site area, the maximum should be 0.104 cfs.  
RESPONSE: REFER TO RESUBMITTED DOCUMENTS FROM CIVIL ENGINEERS.

iii. Please include detectable warning surfaces on the ADA ramps.  
RESPONSE: REFER TO RESUBMITTED DOCUMENTS FROM CIVIL ENGINEERS.

**Q. PLANNING**  
i. Please redo the parking calculation with the 1st floor hall and bathroom fully assigned to the Retail use. I believe this will result in 29 parking spaces without dividing spaces into multiple uses.  
RESPONSE: REFER TO SHEET 'A050'. CALCULATIONS HAVE BEEN UPDATED PER DRT COMMENT. SPACES NO LONGER DIVIDED INTO MULTIPLE USES. HOWEVER, THIS DOES NOT ACTUALLY CHANGE THE NUMBER OF REQUIRED PARKS. AMOUNT OF PARKING REQUIRED IS STILL 29.9 SPACES, I.E. 30 SPACES - AS PROVIDED.

ii. Buffering 17.10.050 A - Please show 8-foot screening in zone suffering area.  
RESPONSE: REFER TO SHEET 'A001' SITE PLAN. AN 8-FT OPAQUE FENCE SHALL BE PROVIDED AT THE REAR PROPERTY LINE, PROVIDING THE REQUIRED 8FT SCREENING BETWEEN THE NON-RESIDENTIAL PROPERTY AND THE ADJACENT RESIDENTIAL ZONE. VERBIAGE ON THIS SHEET IN THE RIGHT HAND SECTION OF COMMENTS HAS ALSO BEEN UPDATED TO CLARIFY THAT THE 17.10 BUFFERING & SCREENING REQUIREMENTS ARE COMPLIED WITH. 8FT FENCE TO COMPLY WITH ANY & ALL CITY OF MOAB STANDARDS, FINAL DESIGN TBD W/ CONTRACTOR.

iii. Please ensure adjustments to building size are reflected on each page. Page C100 has old SF measurements.  
RESPONSE: REFER TO RESUBMITTED DOCUMENTS FROM CIVIL ENGINEERS.

iv. Monument signs are defined as less than 6ft in height. To take advantage of 2ft setback for a monument sign, the height requirement needs to be observed. This can be dealt with in the sign permit process.  
RESPONSE: NOTED, SIGN TO BE DEALT WITH IN DEFERRED SUBMITTAL.

v. Pre-Annexation Agreement requirements: Please include the following required by section 6.3: bicycle facilities  
RESPONSE: 8x BICYCLE STORAGE SPACES HAVE BEEN ADDED TO THE SITE PLAN (REF A001 & CIVIL DRAWINGS), PROVIDING 4x TEMPORARY BIKE SPACES AND 4x REGULAR OCCUPANT BIKE SPACES. AS REQUIRED BY PRE-ANNEXATION AGREEMENT. PER THIS REQUIREMENT, A SHOWER AND CHANGING FACILITY AS ALSO BEEN ADDED ON SITE. THIS SHOWER IS AN ADA-COMPLIANT ROLL-IN SPEC. REFER TO SHEET 'A101' FOR THESE CHANGES.

DRT COMMENT RESPONSE REPORT TO #24-0029\_SHUMWAY 1082 HWY 191 MIXED USED L2 SITE PLAN  
RECEIVED FROM CORY SHURTLEFF, 9/27/2024

**A. ENBRIDGE GAS UTAH**  
i. There is an existing service line to this property. Please contact Callie Whitney to discuss plans.  
RESPONSE: COMPLETED BY OWNER, TYE SHUMWAY

**B. SUSTAINABILITY**  
i. The architectural plan says to refer to a landscape plan from the landscape architect. I did not see this file available for review.  
RESPONSE: LANDSCAPE DOCUMENTS FROM EXTERNAL LANDSCAPE ARCHITECT ARE NOW PROVIDED WITH SUBMISISON.  
ii. The outdoor lighting appears to be compliant with the outdoor lighting code. 17.09.068(A)(3) states a photometric plan is required for commercial lighting. However, it states that in the absence of a plan that details must be provided for evaluation. Since all lighting is recessed on the building and shielded, it is unlikely they would direct illumination off the property. If the sign is lit, then the lights must be compliant, and the associated lumens added to the total.  
RESPONSE: SITE LIGHTING PLANS HAVE BEEN UPDATED. ADDITIONAL DARK-SKY COMPLIANT AND FULL SHIELDED BOLLARD LIGHTING HAS BEEN ADDED TO THE PARKING LOT AND LANDSCAPED AREAS. LED LIGHTS AT THE BUILDING NUMBER AND MONOLITH SIGN HAVE BEEN ADDED TO THE CALCULATIONS. ALL FIXTURES ARE STILL DARY SKY COMPLIANT AND BELOW THE LIMIT, PER MOAB CITY 17.09 REGULATIONS. A PHOTOMETRIC PLAN IS NOW ALSO PROVIDED WITH SUBMISSION DOCUMENTS BY AN ELECTRICAL ENGINEER. SIGNAGE WILL HAVE LIGHTING DETAILED FURTHER WITH DEFERRED SIGN PERMIT SUBMITTAL.

**D. GWSSA**  
i. Contact GWSSA, Josh Green, directly for WILL SERVE confirmation.  
RESPONSE: COMPLETED BY OWNER, TYE SHUMWAY

**E. FIRE**  
i. Please confirm circulation, parking, and use area for adjacent property design to ensure through circulation is maintained using the proposed shared access easement.  
RESPONSE: SHARED ACCESS AGREEMENT SIGNED BY ADJACENT PROPERTY OWNER AND PROVIDED WITH SUBMISSION. DIAGRAM OF SHARED CIRCULATION / ACCESS WITH ADJACENT PROPERTY NOW PROVIDED WITH SUBMISSION BY CIVIL ENGINEER.

**F. PLANNING**  
i. 30 Parking Spaces Provided, 31 Parking Spaces Required. Parking Calculation formula must round up to the nearest whole number space: Café 776sf @ 200sf/1space = 3.9; Retail 1441sf @ 300sf/1space = 4.8; Office 6522sf @ 300sf/1space = 21.7. (3.9 + 4.8 + 21.7 = 30.4 = 31 Parking spaces)  
RESPONSE: BUILDING SIZE HAS BEEN REDUCED TO LOWER THE PARKING REQUIREMENTS. REFER TO SHEET A050. ALL CALCULATIONS ARE PROVIDED. NEW REQUIREMENT = 29.9 SPACES, ROUNDED UP TO 30. 30 SPACES ARE PROVIDED.

ii. Separate Sign Permit Required. Sign Permit can be applied for at later date prior to installation.  
RESPONSE: NOTED, SIGN PERMIT TO BE DEFERRED.

**iii. Traffic Study.**  
1. A Traffic Study and Parking and Circulation Study are required for projects which will generate in excess of five hundred peak daily trips. The Planning Director has discretion to require a traffic study for application which do not generate the level of trips specified in MMC 17.67.040.M.,  
2. As this development is a mixed-use development and a standard traffic study calculation must take into account the cumulative affect of the compounding uses; and thresholds for Traffic Study include 1800sf for Shopping Centers (Uses including non-fast food eating establishments [café] and retail) and 30,000sf for General Office.  
3. As the Cumulative Traffic Impact exceeds the threshold for a Required Traffic Study, in addition the to applicable supplementary criteria for Traffic Study Consideration: it is determined that a Traffic Study and Parking and Circulation Study is required.  
RESPONSE: TRAFFIC IMPACT STUDY IS NOW PROVIDED BY OWNER WITH SUBMISSION.

**G. ENGINEERING**  
i. Water and sewer services should be provided by GWSSA. Please provide a Will Serve letter from GWSSA (repeated comment from pre-application).  
ii. The property adjacent to the highway requires access approval from UDOT, please reach out to Mark Larsen, larsenmark@utah.gov, from UDOT.  
RESPONSE: BOTH ABOVE ITEMS HAVE BEEN ADDRESSED BY OWNER, TYE SHUMWAY.

**iii. Drainage report** is missing from submittal (repeated comment).  
iv. Grading plan is missing.  
RESPONSE: DRAINAGE REPORT & GRADING PLAN NOW BOTH INCLUDED WITH SUBMISSION FROM CIVIL ENGINEER.

**v. Geotechnical soil report** is missing. The Utah Geologic Survey has produced maps for 13 geologic hazards in the Moab quadrangle. Please address each hazard and what measures will be taken to mitigate them if needed.  
RESPONSE: GEOTECHNICAL REPORT NOW PROVIDED WITH SUBMISSION.

vi. Please indicate the removal of the existing Pedego driveway on the site plan and include the installation of a sidewalk.  
vii. Traffic circulation appears to rely on the Pedego property to function, but the plans do not show their parking and circulation. Please show planned parking and circulation for the Pedego property.  
viii. The architectural site plan and the civil site plan do not match. These plans need to be aligned and agreed upon with each other.  
ix. Please refer to APWA standards where applicable (e.g., sidewalks, waterways, curbs, and gutters).  
x. ADA parking stalls are missing signage.

## PRE-ANNEXATION AGREEMENT FOR THE BYRD PROPERTIES

THIS PRE-ANNEXATION AGREEMENT ("**Pre-Annexation Agreement**") is entered by and among Bisco Properties, LLC ("**Property Owner**"), a Utah limited liability company, and the CITY OF MOAB, a municipality and political subdivision of the State of Utah (the "**City**"). Property Owner and the City are hereinafter sometimes referred to individually as a "**Party**" or collectively as the "**Parties**" as the context may require.

### RECITALS

A. Property Owner is the Owner of one parcel totaling approximately 1.38 acres of real property that is currently located in Grand County and is not located in the City at approximately 486 River Sands Road, Grand County, Utah, as more fully described in **Exhibit A**, which is attached hereto and incorporated by this reference (the "**Property**").

B. The Property's current zoning designation in Grand County is "Rural Residential" in the Grand County Land Use Code 2.5 and is identified at 3.1 use table as an approved for Household Dwelling, as a single-family, two-family, townhouse or manufactured home use, and that such use is "permitted by right".

C. The Property currently includes existing commercial buildings that are used for storage and a contract laundry facility for a property management company, as well as two trailers that are used for workforce housing.

D. If the City annexes the Property, the Property Owner desires to subdivide the Property into two parcels: (1) one parcel encompassing the existing commercial buildings that would be subject to the City's "C-2 Commercial-Residential Zone" (the "**Commercial Parcel**"); and (2) a second parcel where the trailers are located which would be subject to the City's "R-3 Multi-Household Residential Zone" (the "**Residential Parcel**").

E. The Parties have been in discussions regarding the Property Owner annexing the Property annexing into the City and have agreed that if the City annexes the Property, 100% any residential development that may take place within the Residential and Commercial Parcels will be subject to the City's Actively Employe Household ("**AEH**") requirements as set forth in Chapter 17.64 of the Moab Municipal Code.

F. It is the intent of this Pre-Annexation Agreement to provide a clear understanding of the zoning for the use and future development of the Property in accordance with Chapter 17.21 of the Moab Municipal Code, C-2 Commercial Residential Zone and to be in compliance with the

provisions of the Moab Municipal Code and other applicable land use regulations (collectively "**Land Use Regulations**").

G. This Pre-Annexation Agreement is also intended to provide a clear understanding of the legal requirements and procedure that governs the annexation of the Property, including but not limited to Chapter 1.32 of the Moab Municipal Code and Utah Code § 10-2-401, *et seq.*

H. The City, acting pursuant to its authority under Utah Code § 10-9a-101, *et seq.* has made certain determinations with respect to the Property, and in the exercise of its legislative discretion, has elected to approve this Pre-Annexation Agreement after all necessary procedures have been conducted.

### **AGREEMENT**

**NOW, THEREFORE**, in consideration of the mutual covenants contained herein, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties hereby agree as follows:

1. **Incorporation of Recitals.** The Recitals and Exhibits are hereby incorporated by reference as part of this Pre-Annexation Agreement.

2. **Annexation to City of Moab.** Utah law encourages development to take place within the boundaries of cities and towns where land is within a city's annexation declaration area. The Property is within the "General Plan annexation area boundary description" identified in the Moab Municipal Code 1.32.030 of the City's declaration area. See **Exhibit B**.

3. **Petition.** The Property Owner shall follow the applicable laws, regulations, and ordinances, including but not limited to Utah Code § 10-2-401, *et seq.* and Moab Municipal Code Chapter 1.32 (collectively, the "**Annexation Process**") in seeking annexation of the Property. Upon receipt of a complete Petition that complies with all applicable legal requirements, the City shall complete its review process in accordance with the Annexation Process.

4. **Decision on Petition.**

4.1. The City shall use all reasonable efforts to either approve or reject the Property petition as soon as reasonably practicable and without undue delay in accordance with the requirements of the Annexation Process. If reasonable circumstances require additional time (such as Property Owner's failure to provide legally required information, third party protest, or state or local mandated notice provisions), both parties shall continue to cooperate to expedite the review to the extent the Annexation Process allows. Property Owner shall provide at least 14 days written notice of its intent to withdraw the petition unless the City Council votes to annex. Property Owner agrees it shall not withdraw the petition prior to the City Council rendering a final decision/vote.

4.2. The Parties agree and acknowledge that the proposed annexation will leave unincorporated islands if the City approves the proposed annexation and that Section 1.32.030.C.1.d of the Moab Municipal Code states that annexations "must not create unincorporated islands

within the boundaries of the City.” The Parties further recognize, however, that Section 1.32.030.C of the Moab Municipal Code states that any additional imposed by the City shall be “together” with the criteria established by State law. Utah Code § 10-2-402 allows municipalities located in “specified counties,” such as Grand County, to approve annexation petitions that would leave an unincorporated island if: (1) the area is within the municipality’s expansion area; (2) the specified county in which the area is located and the annexing municipality agree to the annexation; (3) the area is not within the area of another municipality’s annexation policy plan; and (4) the annexation is for the purpose of providing municipal services to the area. The City makes no guarantee that the proposed annexation will satisfy these requirements and the City is under no obligation to secure an agreement with Grand County to allow the annexation under Utah Code § 10-2-402(1)(b)(iii)(C).

5. **Zoning Upon Annexation.** It is agreed that upon the issuance of a Certificate of Annexation by Lieutenant Governor that the Commercial Parcel shall be zones as “C-2 Commercial-Residential” and the Residential Parcel shall be zoned as “R-3 Multi-Household Residential Zone” subject to the provisions of Chapters 17.21 and 17.48 of the Moab Municipal Code, respectively.

6. **Development Requirements.** If the City grants the petition, the following shall be express conditions of the annexation in addition to any other requirements set forth in applicable law, regulation, and ordinance:

6.1. **Site Plan.** The Residential Parcel shall be developed into a 20-unit multi-family development as forth in the attached site plan attached hereto as **Exhibit C** hereto (the “**Project**”).

6.2. **Compliance with Laws.** The Property Owner agrees to comply with all laws, regulations, and ordinances in subdividing and developing the Property, including but not limited to limited to Titles 16 and 17 of the Moab Municipal Code.

6.3. **Minor Subdivision Process.** The Parties agree and acknowledge that:

6.3.1. Section 16.08.020 of the Moab Municipal Code allows for the sale of lots in subdivisions of less than five lots (“**Minor Subdivisions**”) after the recording of a final plat if certain conditions are met;

6.3.2. It is the Property Owner’s intent to subdivide the Property pursuant to the Minor Subdivision process set forth in Section 16.08.020 of the Moab Municipal Code; and

6.3.3. If the City annexes the Property, it will process the subdivision of the Property in accordance with the Minor Subdivision process if the subdivision satisfies the conditions of Section 16.08.020 and any other applicable portions of the Moab Municipal Code. The City shall be under no obligation to process the subdivision as Minor Subdivision if the subdivision does not qualify as Minor Subdivision.

6.4. **AEH Requirements and Restrictive Covenant Agreement.** The Parties agree that any annexation of the Property the City may approve shall be subject to the express condition that 100% of any residential units constructed within the Residential Parcel or the Commercial Parcel shall be

subject to the City's AEH requirements as set forth in Chapter 17.06 of the Moab Municipal Code. Upon completion of the Project and during its operation, the Property Owner shall execute a restrictive covenant agreement to be recorded against the Property in substantially the same form as **Exhibit D**.

**7. Vested Rights.**

7.1. Vested Rights. If the City approves a petition to annex the Property:

7.1.1. The Property will be subdivided into two parcels, with the Commercial Parcel qualifying for annexation into the "C-2 Commercial Residential Zone" and the Residential Parcel qualifying for annexation into the "R-3 Multi-household Residential Zone" as set forth in Chapters 17.21 and 17.48 of the Moab Municipal Code; and

7.1.2. The Property Owner shall have vested rights to develop the Property in accordance with and subject to compliance with the terms and conditions of the City's Land Use Regulations in effect when the Property Owner submits a complete land use application pursuant to Utah Code § 10-9a-509 or applicable successor statute.

7.2. Commercial Parcel Uses. The Parties agree and acknowledge that the existing storage facility and laundry facility as currently located and operated on the Commercial Parcel are legal non-conforming uses under the City's "C-2 Commercial-Residential Zone" As legal non-conforming uses, the Parties agree and acknowledge that the uses can continue as is if the City annexes the Commercial Parcel into the C-2 Zone but that any improvements or changes to the existing storage and laundry facility must comply fully with the City's ordinances and regulations

7.3. Residential Zoning. The Parties agree and acknowledge that the "R-3 Multi-household Residential Zone" will allow for private property development of roughly 20 detached dwelling units, stick built construction, which will be rented as workforce housing under single ownership management (Multi-Household Apartment/Court Apartment concept, detached).

7.4. Reserved Legislative Powers. The Parties agree and acknowledge that nothing in this Agreement requires the City to approve any annexation petition the Property Owner may file and that the City is restricted in its authority to limit its police power by contract and that the limitations, reservations and exceptions set forth herein are intended to reserve to the City those police powers that cannot be so limited. Notwithstanding the retained power of the City to enact such legislation under the police powers, such legislation shall only be applied to modify the vested rights of the Property Owner under the terms of this Pre-Annexation Agreement based upon the policies, facts and circumstances meeting the compelling, countervailing public interest exception to the vested rights doctrine in the State of Utah. Any such proposed legislative changes affecting the vested rights of the Property Owner under this Pre-Annexation Agreement shall be of general application to all development activity in the City; and, unless the City declares an emergency, Property Owner shall be entitled to prior written notice and an opportunity to be heard with respect to any proposed change and its applicability to the Property under the compelling, countervailing public interest exception to

the vested rights doctrine.

## **8. Successors and Assigns.**

8.1. *Binding Effect.* This Pre-Annexation Agreement shall be binding upon all successors and assigns of Property Owner in the ownership or development of any portion of the Property.

8.2. *Assignment.* Neither this Pre-Annexation Agreement nor any of its provisions, terms or conditions may be assigned to any other party, individual or entity without assigning the rights as well as the responsibilities under this Pre-Annexation Agreement and without the prior written consent of the City, which consent shall not be unreasonably withheld, conditioned or delayed. Any such request for assignment may be made by letter addressed to the City as provided herein and the prior written consent of the City may also be evidenced by letter from the City to Property Owner or their successors or assigns. Any such assignment shall require the assignee to sign a form of acknowledgement and consent agreeing to be bound by the terms of this Pre-Annexation Agreement.

## **9. Default.**

9.1. *Notice.* If Property Owner or the City fail to perform their respective obligations hereunder or to comply with the terms hereof, the party believing that a default has occurred shall provide notice to the other party as provided herein. If the City believes that the default has been committed by Property Owner, then the City shall also provide a courtesy copy of the notice to Property Owner.

9.2. *Contents of the Notice of Default.* The Notice of Default shall:

9.2.1. **Claim of Default.** Specify the claimed event of default; and

9.2.2. **Identification of Provisions.** Identify with particularity the provisions of any applicable law, rule, regulation or provision of this Pre-Annexation Agreement that is claimed to be in default; and

9.2.3. **Specify Materiality.** Identify why the default is claimed to be material.

9.3. *Meet and Confer.* Upon the issuance of a Notice of Default, the Parties shall meet within ten (10) business days and confer in an attempt to resolve the issues that are the subject matter of the Notice of Default.

9.4. *Remedies.* If, after meeting and conferring, the Parties are not able to resolve the default, then the Parties may have the following remedies:

9.4.1. **Legal Remedies.** The rights and remedies available at law and in equity, including, but not limited to injunctive relief, specific performance and termination, but not including damages or attorney's fees.

9.4.2. **Enforcement of Security.** The right to draw on any security posted or provided in connection with the development of the Property and relating to remedying of the particular default.

9.4.3. **Withholding Further Development Approvals.** The right to withhold all further reviews, approvals, licenses, building permits and/or other permits for development of the Property and on those properties owned by the defaulting party.

9.5. **Public Meeting.** Before any remedy in Section 9.4 may be imposed by the City, the party allegedly in default shall be afforded the right to attend a public meeting before the City Council and address the City Council regarding the claimed default.

9.6. **Emergency Defaults.** Anything in this Pre-Annexation Agreement notwithstanding, if the City Council finds on the record that a default materially impairs a compelling, countervailing interest of the City and that any delays in imposing such a default would also impair a compelling, countervailing interest of the City then the City may impose the remedies of Section 9.4 without meeting the requirements of Sections 9.1, 9.2 or 9.3. The City shall give Notice to Property Owner and/or any applicable successor or assign of any public meeting at which an emergency default is to be considered and the allegedly defaulting party shall be allowed to address the Council at that meeting regarding the claimed emergency default.

9.7. **Extended Cure Period.** If any default cannot be reasonably cured within sixty (60) days then such cure period may be extended as needed, by agreement of the Parties for good cause shown, so long as the defaulting party is pursuing a cure with reasonable diligence.

Re: Annexation of Bisco Properties, LLC, Petition for Annexation

---

## City Annexation Proposal

**PROPERTY ADDRESS:** 486 Riversand Road, Moab, Utah 84532 (Currently in Grand County)

**PARCEL ID NUMBER:** 03-0035-0035 (1.381 Acres) Totaling Approximately 60,156 square feet.

**CURRENT ZONING:** Located in the Rural Residential zone for Grand County

**PROPOSED ZONING DISTRICT:** C-2 Commercial-Residential Zone and R-3 Multi-Household Residential Zone

**REQUEST:** Bisco Properties LLC is requesting their property be annexed into Moab City's jurisdiction. The subject property proposed to be annexed is approximately 1.38 acres; located at approximately 486 Riversands Road, Grand County, Utah. The proposed annexation will bring the property into the City of Moab's jurisdiction. [Section 1.32](#) of the Moab Municipal Code governs the Annexation of land into the City.

### ATTACHMENTS:

- I. GRAND COUNTY ZONING MAP
- II. PROPOSED SITE PLAN
- III. FUTURE LAND USE MAPS
- IV. RR & C-2 & R-3 MATRIX

**PROJECT DESCRIPTION:**

Bisco Properties LLC is the owner of the parcel of land located at approximately 486 Riversands Road in unincorporated Grand County. The total size of the property to be annexed is approximately 1.38 acres. The current Grand County zoning district for the property is RR Rural Residential. If the property was to be annexed into the City of Moab jurisdiction, the applicant has requested they be designated in C-2 Commercial-Residential Zone and R-3 Multi-Household Residential Zone. See the vicinity map below for location of property. The property will be subdivided into two lots once annexed. The C-2 lot will continue its commercial laundry use and the R-3 lot will be developed into a 20 unit multi-household project.

The property to the north is currently a residential use within Grand County Jurisdiction (RR zone); The properties to the west are residential uses (R-2 and RR zones); the property to the east is also a residential use (R-3 zone); and the property to the south is a residential use (RR zone) in unincorporated Grand County.

**PRE-ANNEXATION AGREEMENT:**

As part of the Annexation process, the applicant has submitted a pre-annexation agreement. The agreement was approved by the Moab City Council on September 24<sup>th</sup>, 2024. The agreement would permit Bisco Properties LLC to develop the northern portion of the divided property as a multi-household project and the southern portion as the existing laundry

business. In addition, the pre-annexation agreement will run with the land upon any change of ownership.

The following restrictions and terms are included within the pre-annexation agreement:

### **Zoning Designation**

It is agreed that upon annexation of the property, the zoning will be designated as C-2 Commercial-Residential, and the Residential Parcel shall be zoned as R-3 Multi-Household Residential Zone.

### **Designated Uses**

The petitioner is proposing to create a multi-household development as well as the existing commercial use. The proposed use is included on the concept site plan, which is attached as part of the pre-annexation agreement.

In addition, the agreement would require that 100% , of the proposed residential units be designated as Active Employment Units, in compliance with the Moab Municipal Code (MMC) Chapter 17.64 Active Employment Households. In compliance with the MMC, none of the residential units could be used for short-term rentals.

### **Minor Subdivision**

### **CITY OF MOAB GENERAL PLAN:**

#### **ANNEXATIONS:**

As part of the annexation process, any newly incorporated areas should not create enclaves, meaning areas that are in Grand County that are surrounded by Moab City Jurisdiction. The property proposed to be annexed would create any islands of Grand County Jurisdiction. According to Utah state Code § 10-2-402, communities like Moab may approve annexation petitions that would leave an unincorporated island if: (1) the area is within the municipality's expansion area; (2) the specified county in which the area is located and the annexing municipality agree to the annexation; (3) the area is not within the area of another municipality's annexation policy plan; and (4) the annexation is for the purpose of providing municipal services to the area.

The following statements are outlined in the General Plan, *Chapter 4- Community Vision*, which are general statements that were identified to be shared values the Moab Community expressed for their future.

- *Provide housing opportunities for all residents in the community*

Allowing property to be developed for multi-household development will provide 20 housing units and 20 deed-restricted restricted for those who live and work in the community.

- *Plan for a compact development pattern that makes efficient use of public facilities and services, encourages mixed uses, protects open spaces and minimizes urban sprawl.*

The dense development of the proposed property, along with preserving a local business will minimize sprawl and create a mixed-use zone.

- *Recognize the value of Moab's surrounding landscape, including dark skies, solar access, and other natural resources to enhance the quality of life for community residents and to ensure the longevity of Moab's tourism industry.*

The City updated the landscaping standards to include water efficiency standards, a plant species list, and street tree requirements. Moab City has also updated the dark skies ordinance to allow for the ordinance to have more flexibility for new development. The proposed development will be subject to both updated ordinances.

*Findings:* The proposed pre-annexation agreement complies with Community Vision Values.

#### **GENERAL PLAN MAPS:**

The General Plan for Moab City includes a Boundary Map that outlines the areas surrounding Moab City's Jurisdiction that is designated for future incorporation into the City. This criterion is met with the proposed annexation of the subject property because the proposed area to be annexed is within the boundaries for future annexation. In addition, the Future Land Use Map does not designate a use for the property.

*Findings:* The proposed annexation complies with the Future Annexation Boundary Map and the proposed C-2 and R-3 zoning is not inconsistent with the Future Land Use Map.

## **ELEMENTS, GOALS AND POLICIES IN THE GENERAL PLAN**

### **ELEMENT 3: LAND USE AND GROWTH**

**GOAL 1: Encourage a diverse, compact, and efficient land use pattern that promotes resident quality of life and is aligned with the city's character, economy, and vision.**

**Policy 1: Encourage development to consider the appearance, design, financial impact, and amenities of the community.**

**Action Steps:**

- c. Encourage mixed-use development where appropriate.**
- f. Encourage compact development patterns.**

*Findings:* The placement of the C-2 and R-3 zones lends itself to mix-development. The extension of the R-3 zone allows for more dense housing.

**GOAL 8: Promote a variety of housing types and neighborhoods for primary residences.**

**Policy 1: Work with developers and neighborhoods to promote different densities and forms.**

**Action Steps:**

- b. Promote compact design and development that maximizes the efficiency of City services.**

*Findings:* The R-3 zone is the City's second highest density zone with 2,000 square feet required for each unit. The utilization of the R-3 zone for dwellings promotes compact design.

**GOAL 13: CONSIDER ANNEXATIONS THAT PROVIDE A BENEFIT TO THE COMMUNITY.**

**Policy 1: Assess the impact on City services of each proposed annexation.**

**Action Steps:**

- a. Prepare an annexation impact report on each proposed annexation which contains, at a minimum, analysis of zoning alternatives in addition to applicant request for compatibility with existing neighborhood as built.***

*Analysis:* As part of the staff report, the General Plan was reviewed as to what the future land use map designates the property and what the boundaries are for newly annexed property into the City. The proposed zoning will help reach the goal of adding additional housing units to the current market. The C-2 and R-3 zones allows for all the proposed uses and the project will be required to go through Site Plan Review Level II and meet all the requirements from the various City Departments.

*Findings:* The proposed site plan submitted with the annexation application will be required to go through Development Review Team Review and meet all applicable Moab City requirements.

***b. Require annexation agreements on all proposed annexations.***

*Analysis:* The City and applicant have agreed upon a pre-annexation agreement that will benefit the City and the applicant (Please see the pre-annexation agreement for details).

***c. Update the annexation policy to preserve and protect the interests of the City and to encourage annexation to pay for itself or occur in efficiently large amounts.***

*Analysis:* As part of the development process, any new infrastructure required to support the proposed development will be paid for by the developer.

***d. Assess the impacts of proposed annexations where municipal services cannot be economically provided.***

*Analysis:* The current provider is GWSSA and the applicant will be working with them to provide the services needed for the proposed development. The City will not accrue any cost for this.

***e. Develop a master plan for each annexation area.***

*Analysis:* The proposed annexation meets the goals of the Future Land Use Map, Annexation Map, and the General Plan. The area that is being annexed is consistent with City goals and plans for this area.

## **2023 MOAB AREA AFFORDABLE HOUSING PLAN**

### **Supply**

**Goal #1 Meet the Housing Needs Projections included in the MAAHP.**

**Action Step: Use density increases—through zoning tools and density bonuses—for the benefit of strengthening workforce and affordable housing goals.**

*Findings:* The utilization of the R-3 density in the proposed project will create 20 of the projected 952 new units needed by 2030.

**MOAB MUNICIPAL CODE:**

Following annexation, the proposed development shall comply with the requirements for the C-2 and R-3 zoning districts and any other applicable sections of the Moab Municipal Code. The current Grand County zone, RR - Rural Zone, is less dense than the R-3 zone and not a commercial zone as the C-2 zone is.

**General Requirements for Proposed Development:**

The following processes may be required for the development of the property:

- Level II Site Plan Review [Section 17.67](#) of the Moab Municipal Code.
- Review for compliance with section 17.27 and 17.09 of the Moab Municipal Code.

## Notice of Intent to File a Petition to Annex

Attention: Your property may be affected by a proposed annexation.

Records show that you own property within an area that is intended to be included in a proposed annexation to the City of Moab ("Moab") or that is within 300 feet of that area. If your property is within the area proposed for annexation, you may be asked to sign a petition supporting the annexation. You may choose whether or not to sign the petition. By signing the petition, you indicate your support of the proposed annexation. If you sign the petition but later change your mind about supporting the annexation, you may withdraw your signature by submitting a signed, written withdrawal with the Moab recorder or clerk within 30 days after Moab receives notice that the petition has been certified.

There will be no public election on the proposed annexation because Utah law does not provide for an annexation to be approved by voters at a public election. Signing or not signing the annexation petition is the method under Utah law for the owners of property within the area proposed for annexation to demonstrate their support of or opposition to the proposed Annexation.
