For the avoidance of doubt, the definition of Phase 1, Phase 2, and Phase 3 in the Omnibus Development Agreement is incorporated herein. Phase 1, Phase 2, and Phase 3 are collectively the “Omnibus Project.”

D. Pursuant to the terms of the Omnibus Development Agreement, upon the transfer of the Property to Developer, the Project and the Property are to be released from the Omnibus Development Agreement and shall be replaced by this Agreement to be recorded against the Property. Upon recording of this Agreement, the Parties agree that the Omnibus Agreement shall be terminated as to the Project and the

Property and shall have no further force and effect.

E. Sponsor submitted a preliminary site plan related to the Project that complies with MMC 17.67.040 and a preliminary plat related to the Omnibus Project that complies with MMC Chapter 16.16, each as depicted on **Exhibit 3** (the “**Preliminary Site Plan**” and the “**Preliminary Plat**,” respectively) to the Moab City Planning Commission (the “**Planning Commission**”). The Preliminary Site Plan was reviewed by the Planning Coordinator and referred to the Planning Commission, which considered and approved the Preliminary Site Plan in accordance with MMC 16.08.030 at its meeting on January 29, 2026. The Preliminary Plat was reviewed by the Planning Coordinator and referred to the Planning Commission, which considered and approved the Preliminary Plat in accordance with MMC 16.08.030 at its meeting on [February 12, 2026]. The Omnibus Project will be subdivided in the manner depicted in the Preliminary Plat on **Exhibit 3**.

The Final Site Plan was reviewed by the Planning Coordinator, which considered the Final Site Plan in accordance with MMC 16.08.030 at its meeting on February 12, 2026. After verifying the Final Site Plan is complete and complies with MMC and this Agreement, the Planning Coordinator administratively approved the Final Site Plan on [February 12, 2026]. After verifying the Final Plat is complete and complies with MMC and this Agreement, the Planning Coordinator administratively approved the Final Plat on [February 12, 2026]. The Final Plat was recorded as [Document No. \_\_\_\_\_] in the [Name of filing office] on [DATE].

G. Sponsor entered into that certain Declaration of Covenants, Conditions, and Restrictions for the Amasa Townhome Subdivision dated [\_\_\_\_], 2026 and recorded as [Document No. \_\_\_\_\_] in the [Name of filing office] on [DATE] related to the Omnibus Project (the “CCR”). Among other things, the CCR grants certain rights to the owners of Phase 1, Phase 2, and Phase 3, respectively to use the Common Area, Common Area Improvements, and to share in the Common Expenses, each as defined in the CCR and incorporated herein. The rights of the owners of Phase 1, Phase 2, and Phase 3, respectively, to enforce the Common Area and Common Area Improvements language in the CCR is incorporated herein by reference.

H. Developer has received awards of Low-Income Housing Tax Credits (“LIHTC”) for the Project. The LIHTC program requires, among other things: (i) Developer to construct 50 affordable rental units in exchange for certain tax incentives; and (ii) Developer to execute and record a land use restrictive agreement (“LURA”) to ensure that the units are used for affordable housing for a period of 50 years from the effective date of the LURA.

I. As part of the Project, Sponsor subdivided the Property into separate parcels with most parcels including rentable “townhouse” buildings, that may be collectively or individually owned, and developed in accordance with the most applicable provisions of the Moab Municipal Code (the “Code”).

J. The City’s R-3 Zone allows for multi-family residential developments but

excludes commercial and industrial uses which the Project does not include.

K. The Project includes several unique characteristics that require exceptions to the Moab Municipal Code (the “MMC”) that are described in **Exhibit 9** hereto.

L. The Parties desire to enter into this Agreement to enact development standards that are specific to the unique and complex nature of the Project and to secure exceptions to the MMC as described in **Exhibit 9**, and which, by approval of the Entitlement Documents and execution hereof, the City so provides and confirms relevant compliance therewith.

M. The City Council finds that the Project aligns with the City’s goals of increasing the supply of low-income family-oriented housing and preserving and extending the affordability of existing moderate-income housing, promoting sustainable development.

N. The Parties desire to execute this Agreement in accordance with the City’s authority under Utah Code § 10-20-508 to execute development agreements to implement development incentives for affordable or moderate-income housing.

3.4. Development .

3.4.1. *Generally*. The Omnibus Project will be subdivided in the manner depicted on **Exhibit 3** and the Project has been approved by the Planning Commission in accordance with MMC 16.08.030 pursuant to the Final Site Plan and Final Plat depicted on **Exhibit 4**.

The Planning Coordinator shall have authority to act upon amendments to the preliminary site plan for the Project, the Final Site Plan, the Preliminary Plat, and the Final Plat. The Planning Coordinator, in their sole discretion, may refer amendments to the Final Site Plan or the Final Plat to the Planning Commission for review and action if the proposed amendments are not consistent with the Preliminary Site Plan or Preliminary Plat the Planning Commission approved for the Omnibus Project and/or the Project, as applicable.

3.4.3. *Access to Common Areas*. Developer shall construct the common areas described in **Exhibit 5** (collectively, the “**Common Areas**”). All plats for the Omnibus Project and the Project shall designate the Common Areas as such and shall grant all residents of Phase 1, Phase 2, and Phase 3, respectively, access to and use of said Common Areas in accordance with the terms of the CCR related to the Common Area and Common Area Improvements, which are incorporated herein by reference, regardless of the ownership of any parcels that may result from the subdivision of the Property under this Agreement or that occurred under the Omnibus Development Agreement. The CCR language related to the Common Area and Common Area Improvements is incorporated herein by reference and shall be binding as to the general intent and use of the Common Area and Common Area Improvements in the Omnibus Project and the Project. For the avoidance of doubt, the Parties hereto expressly agree that the owners of Phase 1, Phase 2, and Phase 3, respectively, have a right to enforce the Common Area and Common Area Improvements language in the CCR..

3.5. Sustainability Requirements. The Parties agree that the City’s authorization of the exceptions to the MMC set forth in Section 3.2 shall be subject to the express condition that the Project apply Enterprise Green Communities standards in construction to meet sustainability requirements as attached hereto in **Exhibit 6**.

3.6. Reasonable Diligence. Developer agrees to proceed with construction of the Project with reasonable diligence consistent with **Exhibit 2**.

4. **Approval Process for Development Applications.** The City shall process applications for development of the Project in accordance with the provisions of the MMC and this Agreement. Developer expressly acknowledges and agrees that nothing in this Agreement shall be deemed to relieve it of the obligation to comply with all of the applicable requirements for approval of preliminary and final subdivision plats, or preliminary and final site plans, as applicable, for the proposed development of the Project consistent with the terms and conditions of this Agreement and the applicable provisions of the MMC.

5. **LIHTC Requirements and Waiver of City AEH Requirements.** Developer agrees to: (i) comply with the terms of its LIHTC contracts, the applicable terms and conditions of which are summarized in **Exhibit 7**; (ii) execute and record LURAs against the Property that comply with its LIHTC contracts and all applicable laws; and (iii) comply with each LURA it executes and records against the Property. In lieu of Developer's commitments under this Section, the City waives the requirements of Chapter 17.64 of the MMC regarding Active Employee Households ("AEH") as applied to the project.

6. **Payment of Fees.**

6.1. Development Application and Review Fees. Developer shall pay or shall cause payment to the City all the fees, including, but not limited to, application fees, impact fees and connection fees for review and approval of development of any and all phases of the Project in the amounts set forth in the City's Master Fee Schedule.

6.2. Other Fees. The City may charge other fees in existence as of the date of this Agreement, including, without limitation, standard building permit review, and inspection fees for improvements to be constructed on improved parcels that are generally applicable to other developments within the City.

6.3. Reservation of Right to Challenge Fees. Notwithstanding any provision of this Agreement, Developer does not waive Developer's rights under any applicable law to challenge the reasonableness or legality of the amount or imposition of any fees.

7. **Vested Rights.**

7.1. Vested Rights. As of the Effective Date, Developer shall have the vested right to develop and construct the Project in accordance with and subject to compliance with the terms and conditions of this Agreement, the R-3 Zone, Site Plan requirements and other applicable provisions of the MMC as of the Effective Date. If no substantial construction has been initiated as part of the Project within five (5) years of the date of the Effective Date plus any period of force majeure, the City may terminate this Agreement by providing written notice to Developer pursuant to Section 9 of this Agreement. To the extent that there is any conflict between the text portion of this Agreement and the Exhibits, the more specific language or description, as the case may be, shall control. Where any

conflict or ambiguity exists between the provisions of the MMC and this Agreement (including the Exhibits to this Agreement), this Agreement shall govern. Notwithstanding the foregoing, the rights vested as provided in this Agreement are not exempt from the application of the MMC and to subsequently enacted ordinances to the extent, but only to that extent, that failure to apply such subsequently enacted ordinance would impair the City's reserved legislative powers.

7.2. Reserved Legislative Powers. The Parties acknowledge that the City is restricted in its authority to limit its police power by contract and that the limitations, reservations and exceptions set forth herein are intended to reserve to the City those police powers that cannot be so limited. Notwithstanding the retained power of the City to enact such legislation under the police powers, such legislation shall only be applied to modify any development standards that are applicable to the Project under the terms of this Agreement based upon policies, facts and circumstances meeting the compelling, countervailing public interest exception to the vested rights doctrine of the State of Utah. Any such proposed legislative changes shall be of general application to all development activity in the City; and, unless the City declares an emergency, Developer shall be entitled to prior written notice and an opportunity to be heard with respect to any proposed change and its applicability to the Project under the compelling, countervailing public interest exception to the vested rights doctrine.

## **8. Infrastructure and the Provision of Municipal Services.**

8.1. Construction of Necessary Infrastructure to Service the Project. Developer agrees to construct and install the infrastructure identified on **Exhibit 8** hereto (the "Required Infrastructure"). Developer shall have the obligation to construct or cause to be constructed and installed the Required Infrastructure, together with any off-site improvements necessary to connect such Required Infrastructure to existing utilities. All such Required Infrastructure shall be constructed in accordance with applicable City standards and shall be available to residents of Phase 1, Phase 2, and Phase 3 in accordance with the terms of the CCR related to the Common Area and Common Area Improvements, which are incorporated herein by reference. Developer may be required to enter into a Development Improvements Agreement and be required to dedicate all Required Infrastructure and associated property interests to the City as provided in MMC 17.67.070. For the avoidance of doubt, the Parties hereto expressly agree that the rights of the owners of Phase 1, Phase 2, and Phase 3, respectively, to enforce the Common Area and Common Area Improvements language in the CCR is incorporated herein by reference.

8.2. Third Party Service Providers. The Parties understand and acknowledge that Developer shall be responsible to obtain any applicable approvals and incur the costs of constructing any off- site and on-site infrastructure and improvements from third party service providers that are necessary to service any portion of the Property, as applicable, as part of the Project.

8.3. Maintenance of Private Roads and Improvements. Developer shall have the duty to maintain all private roads and areas designated as such on subdivision plats that are located within that portion of the Project constructed on the Property, if any.

8.4. City Provided Services. The City agrees that, subject to Developer’s compliance with its obligations hereunder, it shall make available to the Project all City services to such properties that it provides from time to time to other residents and properties within the City at the same levels of service and on the same terms and at the same rates as provided to other similarly situated properties in the City.

9. **Term of Agreement.** The term of this Agreement (the “**Term**”) shall begin on the Effective Date and terminate fifty (50) years after the date Developer records the LURA against the Property for Phase 1, unless terminated earlier by the City as provided herein or the Parties modify the Term by written amendment to this Agreement, but the terms of this Agreement shall continue to be effective as to applications that have been submitted and development that has occurred within the Project after the completion of the Term if the application or development began before the termination of the Agreement. The Parties agree that the Omnibus Agreement is hereby terminated with no further action by either Party with respect to the Project.

10. **Successors and Assigns.**

10.1. Binding Effect. This Agreement shall be binding upon the Parties and their respective successors and assigns in so far as it pertains to the ownership or development of any portion of the Property and the Project.

10.2. Assignment. Neither this Agreement nor any of its provisions, terms or conditions may be assigned to any other Party, individual or entity without assigning the rights as well as the responsibilities under this Agreement without the prior written consent of the City, which consent shall not be unreasonably withheld, conditioned or delayed. Any such request for assignment may be made by letter addressed to the City as provided herein and the prior written consent of the City may also be evidenced by letter from the City to Developer or its successors or assigns.

11. **Default.**

11.1. Notice. If Developer or the City fail to perform their respective obligations hereunder or to comply with the terms hereof, the Party believing that a default has occurred shall provide notice to the other Party as provided herein. Developer’s Investor Member (identified in Section 12) shall receive simultaneous notice of any Default hereunder and shall have the right, but not the obligation, to cure an event of default hereunder and the City agrees to accept or reject such cure on the same basis as if provided by Developer itself.

11.2. Contents of the Notice of Default. The Notice of Default shall:

11.2.1. *Claim of Default.* Specify the claimed event of default;

11.2.2. *Identification of Provisions.* Identify with particularity the provisions of any applicable law, rule, regulation or provision of this

Agreement that is claimed to be in default;

11.2.3. *Specify Materiality*. Identify why the default is claimed to be material; and

11.2.4. *Proposed Cure*. The non-defaulting party shall propose a method and time for curing the default by the defaulting party which shall be of no less than sixty (60) days duration.

11.3. Meet and Confer. Upon the issuance of a Notice of Default, the Parties shall meet within ten (10) business days and confer in an attempt to resolve the issues that are the subject matter of the Notice of Default.

11.4. Remedies. If, after meeting and conferring, the Parties are not able to resolve the default, then the Parties may have the following remedies:

11.4.1. *Legal Remedies Generally*. The rights and remedies available at law and in equity, including, but not limited to injunctive relief, specific performance and termination, but not including damages or attorney's fees.

11.4.2. *Legal Remedies for Breach of Section 5*. The Parties further agree that money damages would be an insufficient remedy if Developer breaches its obligations under Section 5 and that the City shall be entitled to specific performance and injunctive or other equitable relief as a remedy of any such breach, including, without limitation, an order from a court of competent jurisdiction requiring Developer to comply with the City's AEH requirements as set forth in Chapter 17.64 of the MMC to the extent such requirements apply to the Project and do not conflict with Developer's obligations under its LIHTC contracts and any LURAs that are still in effect at the time of Developer's breach and that are not otherwise impacted by Developer's breach.

11.4.3. *Enforcement of Security*. The right to draw on any security posted or provided in connection with the Project and relating to remedying of the particular default.

11.4.4. *Withholding Further Development Approvals*. Upon a material default by Developer, the City shall have the right to withhold all further reviews, approvals, licenses, building permits, certificates of occupancy, and/or other permits or approvals for development of the Project on those properties owned by Developer during the existence and continuance of a default beyond any applicable cure period to enforce the terms of this Agreement to the extent allowed under state law, including Utah Code § 10-20-1001 and Utah Code § 10-20-902. This Section 11.4.4 is intended to satisfy the "written document" requirement in Utah Code § 10-20-902(1)(j)(i).d

11.5. Public Meeting. Before the City may impose any remedy in this Agreement, including the provisions of Section 11.4.4, the Party allegedly in default shall be afforded the right to attend a public meeting before the Council and address the Council regarding the claimed default. If, after the meet and confer provided in Section 10.3 and the public meeting before the Council, Developer and the City disagree as to the existence of a default under this Agreement, Developer may request that the City obtain a judgment that Developer is in default from a court of competent jurisdiction in order to withhold development approvals pursuant to Section 11.4.4.

11.6. Extended Cure Period. If any default cannot be reasonably cured within sixty (60) days then such cure period may be extended as needed, by agreement of the Parties for good cause shown, so long as the defaulting Party is pursuing a cure with reasonable diligence.

11.7. Cumulative Rights. The rights and remedies set forth herein shall be cumulative.

11.8. Force Majeure. All time periods imposed or permitted pursuant to this Agreement shall automatically be extended and tolled for: (a) period of any and all moratoria imposed by the City or other governmental authorities in any respect that materially affects the development of the Project; or (b) by events reasonably beyond the control of Developer including, without limitation, inclement weather, war, strikes, unavailability of materials at commercially reasonable prices, pandemics and acts of God, but which does not include financial condition of Developer or its successors.

12. Notices. All notices and communications required or permitted to be given under this Agreement, shall be in writing and shall be deemed to have been duly given and delivered as of the date the notice is sent, if delivered by mail or email to the below, which the Parties may update from time to time in writing:
