

TEMPORARY TRAFFIC CONTROL CHANGES:

URANIUM AVENUE & 100 EAST

near Grand County Middle School & City Market

Beginning Aug. 9, 2019, the following temporary travel restrictions will be in effect:

- Uranium Avenue (just south of City Market) will become a one-way eastbound street from Main Street to 100 East.
- 100 East will be one-way northbound from Uranium to Grand Avenue.
- Two-way travel will remain on 100 East from Grand Avenue to 300 South.
- The south entrance to the parking lot at City Market will be closed to all traffic.
- Parents of middle school students will use a drop-off area on 100 East in front of the school. The curb will be marked for this purpose.

The changes are necessary due to heavy truck and equipment traffic during the concurrent construction of the new Grand County Middle School and the Radcliffe Hotel.

These changes are expected to be necessary for up to two years, while construction for both of these projects is ongoing.
