

**RESOLUTION #16-2013**

**A RESOLUTION AMENDING THE CITY OF MOAB BUSINESS LICENSE FEE SCHEDULE**

WHEREAS, State of Utah regulations require cities to establish their business license fee schedule based on actual costs incurred for providing selected types of services to the business community; and

WHEREAS, in 2001, the City of Moab conducted a cost analysis of services provided to Moab businesses; and

WHEREAS, this analysis showed the maximum limit of annual business license fee charges that the City of Moab could impose in 2001 dollars; and

WHEREAS, the City of Moab created a business license fee schedule based on the analysis; and

WHEREAS, the City of Moab has not adjusted the business license fee schedule to account for cost increases or standard inflationary factors since the fee schedule was originally adopted; and

WHEREAS, the City’s costs for providing services have increased at least 60% since 2001; and

WHEREAS, business license fees should be adjusted to reflect increases in costs; and

WHEREAS, an approximate 10% increase in fees across the board is necessary to cover some of the increase in costs of providing services; and

WHEREAS, several new business license fee categories have been created to reflect the needs of the community;
