PRE-ANNEXATION AGREEMENT

THIS PRE-ANNEXATION AGREEMENT ("**Agreement**") is entered by and among Colin Fryer ("**Property Owner**"), an individual, and the CITY OF MOAB, a municipality and political subdivision of the State of Utah (the "**City**"). Property Owner and the City are hereinafter sometimes referred to individually as a "**Party**" or collectively as the "**Parties**" as the context may require.

RECITALS

A. Property Owner owns approximately 0.25 acres of real property located at approximately 602 Cermak Road (Parcel No. 03-0036-0069) in Grand County, Utah as more particularly described in **Exhibit A** (the "**Property**").

B. Through a separate agreement, Property Owner allows the National Ability Center to provide guide housing on the Property.

C. Property Owner desires to annex the Property into the City to accommodate the construction of a mixed-used development the National Ability Center is constructing on adjacent property (Parcel Nos. 03-0036-0065 and 01-0036-0040).

D. The Property, which is unincorporated and designated as Rural Residential under Grand County's zoning ordinances, would be re-zoned into the City's C-3 Zone upon annexation in the City.

E. Property Owner owns an existing structure on Parcel 03-0036-0069 that the National Ability Center operates for employee housing (the "**Guide House Parcel**"), and desires to build a new and improved employee housing building on the Parcel.

F. The proposed uses for the Guide House Parcel qualify as "employee housing" under the list of permitted uses for the C-3 Zone as found in Section 17.24.020 of the Moab Municipal Code.

G. It is the intent of this Agreement to provide a clear understanding of how the City may annex and zone the Property in accordance with Chapters 1.32, 17.04, and 17.24 of the Moab Municipal Code, UTAH CODE § 10-2-401, *et seq.*, UTAH CODE § 10-9a-101, *et seq.*, and other applicable land use regulations (collectively "**Land Use Regulations**").

H. The City, acting pursuant to its authority under the Land Use Regulations has made certain determinations with respect to the Property, and in the exercise of its legislative discretion,

has elected to approve this Agreement in accordance with all necessary and required procedures.

AGREEMENT

NOW, THEREFORE, in consideration of the mutual covenants contained herein, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties hereby agree as follows:

1. **Incorporation of Recitals.** The recitals and exhibits are hereby incorporated by reference as part of this Pre-Annexation Agreement.
2. **Annexation of the Property.** Utah law encourages development to take place within the boundaries of cities and towns when the land to be developed is located within a city's annexation declaration area. The Properties are located within the "General Plan annexation area boundary description" identified in the Moab Municipal Code 1.32.030 of the City's declaration area. See **Exhibit B**.
 - 2.1. **Petition.** Property Owner shall follow the applicable laws, regulations, and ordinances, including but not limited to UTAH CODE § 10-2-401, *et seq.* and Moab Municipal Code Chapter 1.32 and Section 17.72.100(A) (collectively, the "**Annexation Process**") in seeking annexation of the Properties. Upon receipt of a complete petition that complies with all applicable legal requirements (the "**Petition**"), the City shall complete its review process in accordance with the Annexation Process and this Agreement.
 - 2.2. **Zoning Upon Annexation.** It is agreed that upon the issuance of a Certificate of Annexation by Lieutenant Governor that the Property shall be placed in the "C-3 General Commercial Zone" subject to Chapter 17.24 of the Moab Municipal Code.
3. **Interrelationship Between Petition and Application.** The Parties agree that the Petition and the Application are interrelated and part of the same Project, in which case:
 - 3.1. **Coordination.** To the extent possible, the Parties will coordinate so the Petition and Application are submitted, reviewed, and processed concurrently. To the extent possible, the City Council shall also hold any final public hearings or meetings needed to approve the Petition and the Application at the same time. Nevertheless, the Parties acknowledge that different notice, protest, and review provisions apply to the Petition and the Application and therefore agree that failure by either Party to strictly comply with this subsection shall not constitute grounds for a default.
 - 3.2. **Decision on Petition.** The City shall use all reasonable efforts to either approve or reject the Petition and the Application as soon as reasonably practicable and without undue delay in accordance with the requirements of the Annexation Process and the Re-Zone Process. If reasonable circumstances require additional time (such as Property Owner's failure to provide legally required information, third party protest, or state or local mandated notice provisions), both Parties shall continue to cooperate to expedite the review to the extent the Annexation and Re-Zone Processes allow. Property Owner shall provide at least 14 days written notice of its intent to withdraw the Petition and/or the Application unless the City Council votes to annex or re-zone.

3.3. Interrelationship. If the City Council approves the Petition but not the Application, or vice versa, Property Owner shall withdraw the Petition and the Application and this Agreement shall automatically terminate.

4. **Development Requirements**. If the City grants the Petition and the Application, the following shall be express conditions of the Project in addition to any other requirements set forth in applicable law, regulation, and ordinance:

4.1. Site Plan. Property Owner shall develop the Project in accordance with the attached site plan attached hereto as **Exhibit C** hereto.

4.2. Restrictive Covenant Agreement. Upon completion of the Project and during its operation, Property Owner shall execute a restrictive covenant agreement to be recorded against the Property that shall require one hundred (100%) percent of any residential units located on the Property to be leased or otherwise made available to (i) "Active Employment Households" ("AEH") as that term is defined in Section 17.06.020 of the Moab Municipal Code or applicable successor ordinance or (ii) to students, faculty, or long-term visitors (more than 30 days) of any institution of higher education that is listed with the U.S. Department of Education eligible to participate in the Title IV federal student aid programs where the person attends the institution from within Grand County ("**Title IV Program**"). The restrictive covenant agreement shall have a term of fifty (50) years and shall be in substantially the same form as set forth **Exhibit D**. If the owner(s) of record of the Property provides the City with written evidence showing that a lender has foreclosed upon and acquired the Property, the City shall execute all documents that may be needed to terminate the restrictive covenant agreement.

4.3. Sustainability Requirements. The Parties agree that any annexation of the Property that the City may approve shall be subject to the express condition that the Project apply LEED standards in construction to meet sustainability requirements as attached hereto in **Exhibit E** which shall provide bicycle facilities, electric vehicle charging stations, rainwater management, heat island reduction, light pollution reduction, outdoor water use reduction, indoor water use reduction, dedicated location for recycling containers, and bird safety glass.

4.4. Guide House Parcel Requirements. Development and operation of the Guide House Parcel shall comply with Section 17.24.020(A)(14) of the Moab Municipal Code, which requires that dwellings for employee housing that are constructed directly adjacent to a commercial use to be permitted on the ground and upper floors, among other requirements.

5. **Vested Rights**.

5.1. Vested Rights. Property Owner shall have the vested right to develop the Property in accordance with the site plan, the applicable requirements of the "C-3 General Commercial Zone" as set forth in Chapter 17.24 of the Moab Municipal Code, and in accordance with and subject to compliance with the terms and conditions of the City's Land Use Regulations then in effect.

5.2. Reserved Legislative Powers. The Parties acknowledge that the City is restricted in its authority to limit its police power by contract and that the limitations, reservations and exceptions set forth herein are intended to reserve to the City those police powers that cannot be so limited. Notwithstanding the retained power of the City to enact such legislation under the

police powers, such legislation shall only be applied to modify the vested rights of Property Owner under the terms of this Agreement based upon the policies, facts and circumstances meeting the compelling, countervailing public interest exception to the vested rights doctrine in the State of Utah. Any such proposed legislative changes affecting the vested rights of Property Owner under this Agreement shall be of general application to all development activity in the City; and, unless the City declares an emergency, Property Owner shall be entitled to prior written notice and an opportunity to be heard with respect to any proposed change and its applicability to the Properties and the Commercial Property under the compelling, countervailing public interest exception to the vested rights doctrine.

6. Successors and Assigns.

6.1. *Binding Effect.* This Agreement shall be binding upon all successors and assigns of Property Owner in the ownership or development of any portion of the Property.

6.2. *Assignment.* Neither this Agreement nor any of its provisions, terms or conditions may be assigned to any other party, individual or entity without assigning the rights as well as the responsibilities under this Agreement and without the prior written consent of the City, which consent shall not be unreasonably withheld, conditioned, or delayed. Any such request for assignment may be made by letter addressed to the City as provided herein and the prior written consent of the City may also be evidenced by letter from the City to Property Owner or their successors or assigns. Any such assignment shall require the assignee to sign a form of acknowledgement and consent agreeing to be bound by the terms of this Agreement.

7. Default.

7.1. *Notice.* If Property Owner or the City fail to perform their respective obligations hereunder or to comply with the terms hereof, the Party believing that a default has occurred shall provide notice to the other Party as provided herein. If the City believes that the default has been committed by Property Owner, then the City shall also provide a courtesy copy of the notice to Property Owner.

7.2. *Contents of the Notice of Default.* The Notice of Default shall:

7.2.1. Claim of Default. Specify the claimed event of default;

7.2.2. Identification of Provisions. Identify with particularity the provisions of any applicable law, rule, regulation, or provision of this Agreement that is claimed to be in default;

7.2.3. Specify Materiality. Identify why the default is claimed to be material.

7.3. *Meet and Confer.* Upon the issuance of a Notice of Default, the Parties shall meet within ten (10) business days and confer in an attempt to resolve the issues that are the subject matter of the Notice of Default.

7.4. *Remedies.* If, after meeting and conferring, the Parties are not able to resolve the default, then the Parties may have the following remedies:

7.4.1. Legal Remedies. The rights and remedies available at law and in equity, including, but not limited to injunctive relief, specific performance, and termination, but not including damages or attorney's fees.

7.4.2. Enforcement of Security. The right to draw on any security posted or provided in connection with the development of the Project and relating to remedying the particular default.

7.4.3. Withholding Further Development Approvals. The right to withhold all further reviews, approvals, licenses, building permits and/or other permits for development of the Project by Property Owner.

7.5. *Public Meeting.* Before the City may impose any remedy in this Section, Property Owner shall have the right to attend a public meeting before the Council and address the Council regarding the claimed default.

7.6. *Emergency Defaults.* Anything in this Agreement notwithstanding, if the Council finds on the record that a default materially impairs a compelling, countervailing interest of the City and that any delays in imposing such a default would also impair a compelling, countervailing interest of the City then the City may impose the remedies herein without meeting the requirements of this Section. The City shall give Notice to Property Owner and/or any applicable successor or assign of any public meeting at which an emergency default is to be considered and the allegedly defaulting Party shall be allowed to address the Council at that meeting regarding the claimed emergency default.

7.7. *Extended Cure Period.* If any default cannot be reasonably cured within sixty (60) days then such cure period may be extended as needed, by agreement of the Parties for good cause shown, so long as the defaulting Party is pursuing a cure with reasonable diligence.

8. Cumulative Rights. The rights and remedies set forth herein shall be cumulative.

9. Force Majeure. All time period imposed or permitted pursuant to this Agreement shall automatically be extended and tolled for: (a) period of any and all moratoria imposed by the City or other governmental authorities in any respect that materially affects the development of the Properties and/or the Commercial Property; or (b) by events reasonably beyond the control of Property Owner including, without limitation, inclement weather, war, strikes, unavailability of materials at commercially reasonable prices, and acts of God, but which does not include financial condition of Property Owner or their successors.

10. Notices. Any notices, requests and demands required or desired to be given hereunder shall be in writing and shall be sent via email, certified mail (return receipt requested and postage prepaid), or personal service upon the Party for whom intended at the addresses shown below. Notice shall be deemed to be given on the date issued to the following addresses:

14. Non-Liability of City Officials or Employees. No officer, representative, agent, or employee of the City shall be personally liable to Property Owner, or any successor-in-interest or assignee of Property Owner, in the event of any default or breach by the City or for any amount which may become due to Property Owner, or its successors or assignees, for any obligation arising out of the terms of this Agreement.

15. No Third-Party Rights. The City and Property Owner alone shall be entitled to enforce or waive any provisions of this Agreement to the extent that such provisions are for their benefit.

16. Severability. Should any portion of this Agreement for any reason be declared invalid or unenforceable, the invalidity or unenforceability of such portion shall not affect the validity of any of the remaining portions, and the same shall be deemed in full force and effect as if this Agreement had been executed with the invalid portions eliminated.

17. No Waiver. No waiver of any of the provisions of this Agreement shall operate as a waiver of any other provision regardless of any similarity that may exist between such provisions, nor shall a waiver in one instance operate as a waiver in any future event. No waiver shall be binding unless executed in writing by the waiving Party.

18. **Survival.** All agreements, covenants, representations, and warranties contained herein shall survive the execution of this Agreement and shall continue in full force and effect throughout the term of this Agreement.

22. **Legal Review.** The Parties represent and agree that they had full opportunity to review this Agreement and that they accept the terms hereof. The rule that such Agreement is to be construed against its drafter shall not apply to this Agreement.

23. **Governmental Immunity Act of Utah.** The Parties agree and understand that the City is a governmental entity entitled to the protections and safeguards of the Governmental Immunity Act of Utah, UTAH CODE § 63G-7-101 *et. seq.* Except as may be provided in UTAH CODE § 63G-7-301(1)(a) (i.e., waiver as to the City's contractual obligations under this Agreement), the City neither waives nor relinquishes any applicable provision or protection of that Act.

Sustainability Requirements in Development Agreements

Possible goals:

- Significant improvement relative to base codes.
- Aligns with documented City goals.
- Allowed in Utah; and probably won't trigger preemption.
- In as much as possible, model on work done by other communities and organizations, preferably in Utah.
- Reasonable additional cost. If there are significant costs, possibly coupled with other incentives to at least partially mitigate additional costs.
- As possible, anticipate and align with possible future city stretch codes.

Site requirements

Site/landscape mandates would steer more towards zoning authority, and less towards building codes. These relevant sustainability provisions below are from LEED or similar rating programs:

- **Bicycle Facilities:** Provide at least four short-term bicycle storage spaces per building, and four long-term bicycle storage for regular building occupants. Provide at least one on-site shower with a changing facility for building occupants.
- **Electric Vehicles:**
 - Install Level 2+ charging which meet the connected functionality criteria for ENERGY STAR certified chargers and be capable of responding to time-of-use market signals (e.g. price) in 5% of all parking spaces used by the project or at least two spaces, whichever is greater. Clearly identify and reserve these spaces for the sole use by plug-in electric vehicles.
 - -OR- Make 10% of parking spaces or at least 6 spaces, whichever is greater, EV Ready. To be EV Ready, include a dedicated electrical circuit with sufficient capacity for each required space. Each circuit shall have conduit and wire sufficient to provide Level 2 charging or greater, and shall end at an electrical box or enclosure located near each required space.
- **Rainwater Management:** Low impact development stormwater provisions (i.e. on-site green infrastructure), as in the large scale commercial development section of MMC (but probably with review and edits). Rather than a single detention basin, utilize distributed landscaped areas to receive and use stormwater.
- **Heat Island Reduction:**
 - Similar to current requirement of 50% mature tree cover in some parking, but sets a higher site-wide standard that can be met by a variety of strategies.
 - Use high reflectance roofing materials that have an SRI equal to or greater than the

values in Table 1. Meet the three-year aged SRI value. If three-year aged value information is not available, use materials that meet the initial SRI value.

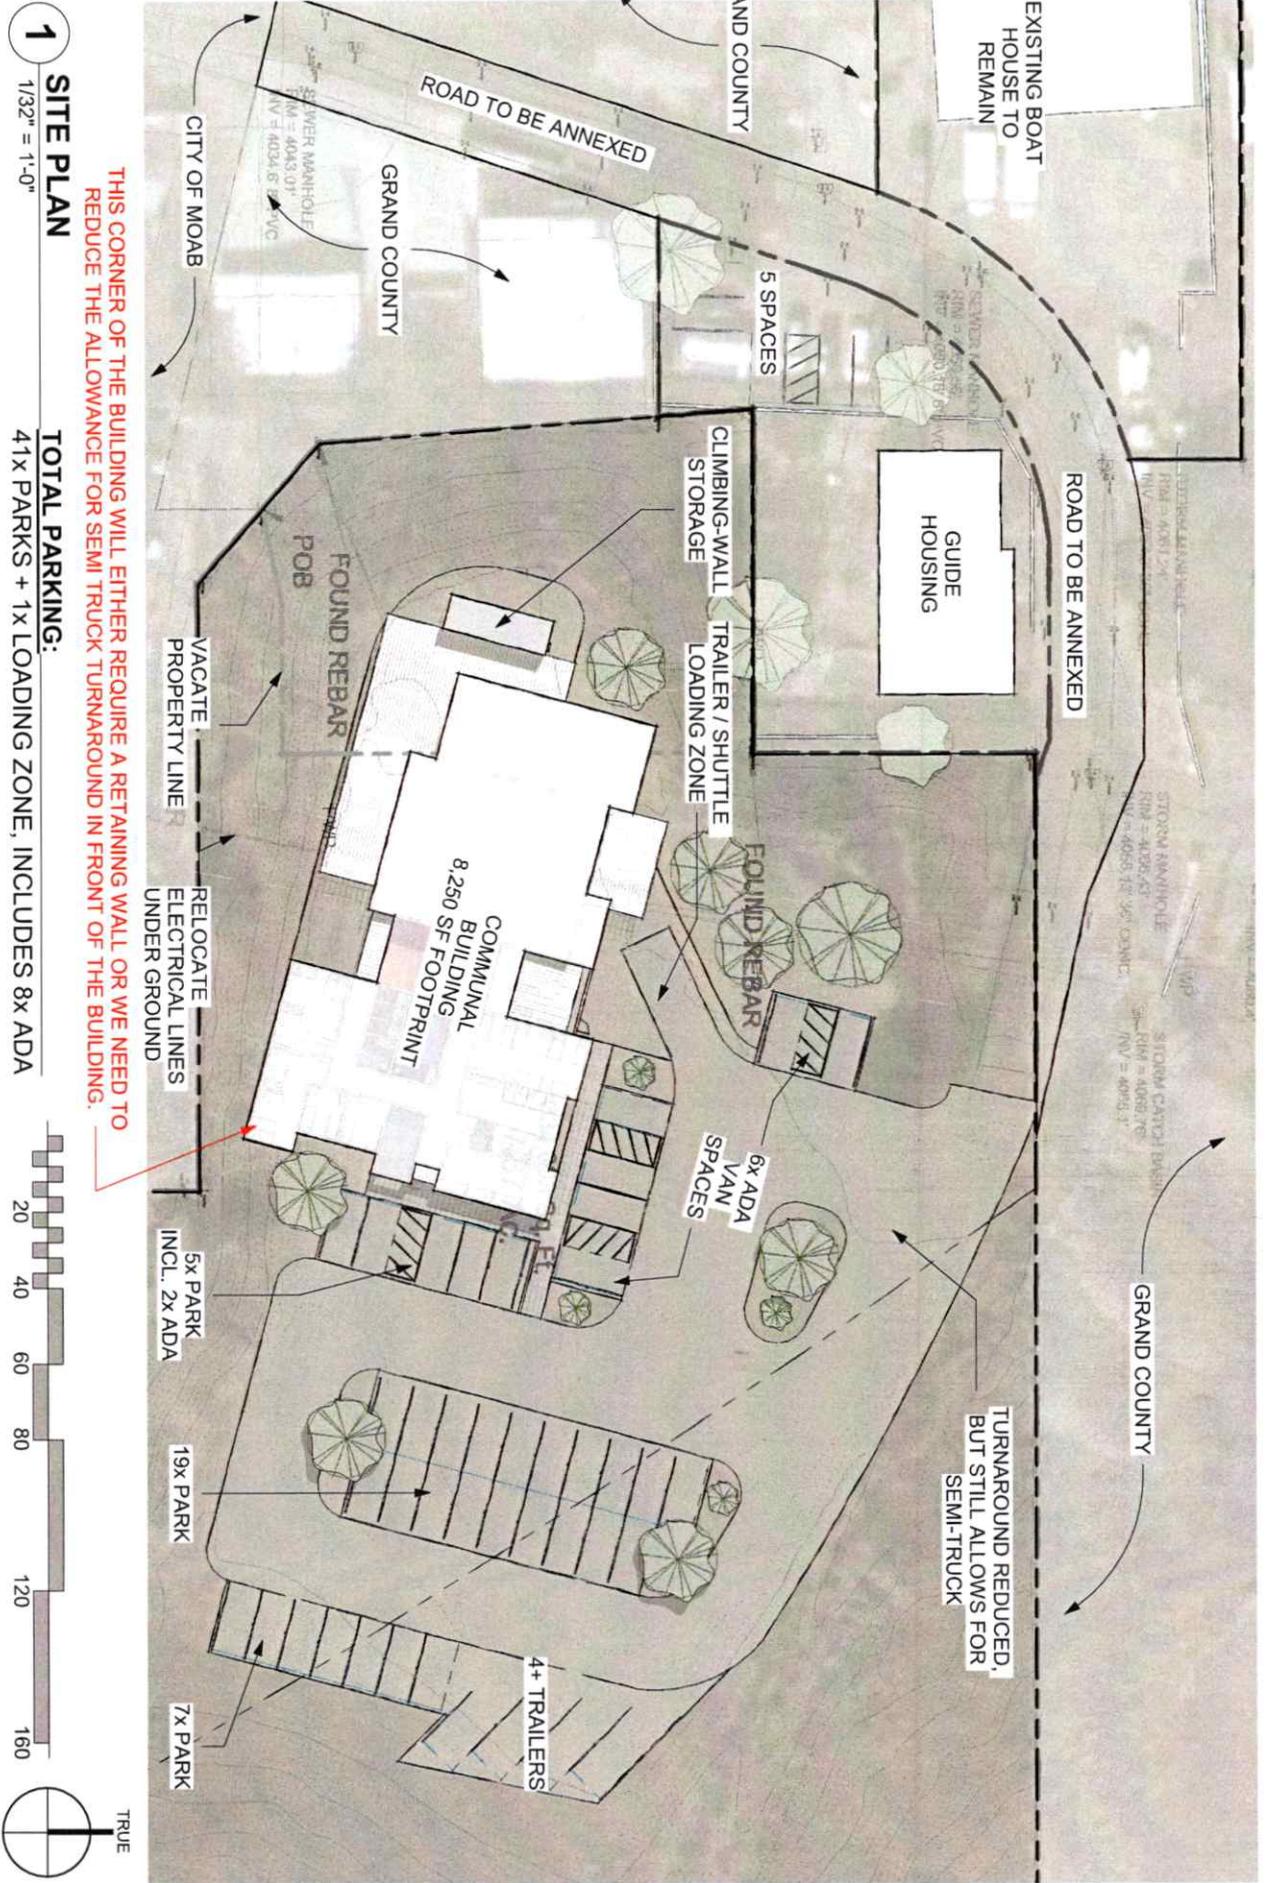

▪ Table 1. Minimum solar reflectance index value, by roof slope

	Slope	Initial SRI	OR	3-year aged SRI
Low-sloped roof	≤ 2:12	82		64
Steep-sloped roof	> 2:12	39		32

- Light Pollution Reduction: Existing MMC is functionally equal to or better than LEED.
- Outdoor Water Use Reduction: Existing MMC is functionally equal to or better than LEED.
- Recycling Infrastructure: Provide dedicated areas accessible to waste haulers and building occupants for the collection and storage of recyclable materials for the entire building. Collection and storage areas may be separate locations. Recyclable materials must include mixed paper, corrugated cardboard, glass, plastics, and metals.
- On-Site Solar Electric Generation: Use on-site renewable energy generation to provide 5% of the total site energy use.

Building requirements

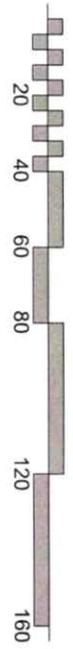

- Indoor Water Use Reduction: All newly installed toilets, urinals, private lavatory faucets, and showerheads that are eligible for labeling shall be WaterSense labeled. Applicable appliances shall be Energy Star or performance equivalent certified; commercial equipment to meet other defined standard.
- Interior Lighting:
 - Provide dimmable or multilevel lighting for 90% of all regularly occupied spaces.
 - Use light sources that have a Color Rendering Index (CRI) of at least 90.
- Thermal Comfort Control: Provide individual thermal comfort controls for at least 50% of individual occupant spaces. Provide group thermal comfort controls for all shared multioccupant spaces. Thermal comfort controls allow occupants, whether in individual spaces or shared multioccupant spaces, to adjust at least one of the following in their local environment: air temperature, radiant temperature, air speed, and humidity.
- Bird Safety Glazing: All exterior glazing to have bird safe glazing.
